Between:

And

The Addl.Asst.Engineer, A.P.E.P.D.C.Ltd.,

T.Narsapuram and 2 others. … Respondents

ORDER:

Heard the learned counsel for the petitioner and the learned Standing Counsel for the respondents.

The learned counsel for the petitioner submits that the petitioner has applied for erection of transformer so as to enable her to get service connection and accordingly a total sum of Rs.38,570/- has been paid by different demand drafts for the said purpose and in fact transformer was brought along with other accessories and kept at the house of the petitioner and necessary platform was also constructed by the petitioner, but the transformer has not been erected. It is stated that due to non-erection of the transformer, the crops in the land are being dried up and due to lack of water the motors are not working for non-supply of electricity. Accordingly, the petitioner got issued legal notice dated 20.8.2005 to all the respondents, but no action has been taken by the respondents so far.

Having regard to the facts and circumstances of the case, without going into the merits of the case, I am of the opinion that it is just and proper to direct the 3rd respondent to consider the said legal notice dated 20.8.2005 issued by the petitioner and pass appropriate orders in accordance with law within a period of six weeks from the date of receipt of copy of this order.

The writ petition is accordingly disposed of. No costs.
